W. M. CALHOUN
William Olen Calhoun, 59, of Prescott, died Wednesday. He was a native of Nevada County. Surviving are his wife, Mrs. Verna Stokes Calhoun, five sons, Denton, Delton and Autry, all of Little Rock, Terrell of Texarkana and Galen Calhoun of Prescott; two brothers, Tillman and George of Little Rock; three sisters, Mrs. Elam Almond of Laneburg, Mrs. Otto Rodden of Prescott and Mrs. J. W. Roberts of Little Rock.

Funeral will be Friday at 2 p.m. at Mt. Moriah Church by the Rev. Hollis Dillard and the Rev. Chester Daniels. Burial will be in Mt. Moriah Cemetery by Cornish.

Eisenhower to Undergo Operation

WASHINGTON (AP)—Former President Dwight D. Eisenhower is scheduled to enter Walter Reed Army Hospital at midday to prepare for removal of his gall bladder.

"Apparently I have many, many rocks (gallstones) in me," the 76-year-old, five star general quipped Wednesday. "I have asked the doctors to save me a few."

Eisenhower is to come here from his Gettysburg, Pa., home by car or helicopter.

Date of his surgery has not been announced, but Eisenhower said he expects to be hospitalized for 12 days — leaving him time to get home for Christmas.

Doctors have indicated they'll schedule the operation after Eisenhower has undergone presurgery tests, which may take three or four days.

The original announcement Monday that Eisenhower would have his gall bladder removed did not specify that he had gallstones — but the general confirmed the presence of the stones.

He also told newsmen Wednesday at Gettysburg that he and his wife, Mamie, now plan to leave for Palm Desert, Calif. Jan. 4 instead of Dec. 28 as previously scheduled. They traditionally winter in that Southern California desert community.

Eisenhower appeared jovial and relaxed at the informal news conference.

"The hospitalization is his fifth for a major illness in 11 years. The surgery will be his second in 10 years.

The previous surgery, in June 1956, was an emergency abdominal operation after he was stricken with regional ileitis, a constriction of part of his small intestine.

May Limit Extension of Draft Law

Recommend Legislature Meet Annually

LITTLE ROCK (AP)—A committee of the Arkansas Legislative Council recommended Wednesday that the legislature meet in regular session annually instead of once every two years in order to more adequately conduct the state's business.

The Committee on Rules and Legislative Procedure also gave its approval to proposals that the regular session start later than the second Monday of January, the present starting time, and that the salaries of legislators be increased.

Rep. Doug Brandon of Pulaski County suggested the changes, which would have to be made through constitutional amendment.

Brandon said he and many other legislators thought the biennial 60-day session was not enough in which to intelligently conduct the affairs of the state.

The committee's recommendation was vague on how long the second-year session of each biennium should be.

The committee could not agree on a figure for legislators' salaries and recommended only that the salaries be raised by constitutional amendment. Legislators now receive \$100 a month and \$20 a day per diem allowance when the legislature is in session.

Brandon said he suggested starting the legislative session later in order to give the Legislative Council and the governor more time to prepare.

In other action, the Legislative Budget and Appropriations Committee recommended that the legislature freeze the budgets of most state agencies at their present appropriations for the next two years.

Omitted from the recommendation were the budgets of the public schools, the institutions of higher learning, the state Welfare Department and state institutions, which get most of the general revenues.

Cold Front Pushing Into State

By THE ASSOCIATED PRESS
Unseasonable, uncertain, unruly described Arkansas weather today. A cold front pushed rapidly into the western portion of the state while showers dotted the landscape in other areas and a possibility of locally severe thunderstorms existed.

Three Northwest Arkansas counties, Benton, Carroll and Washington, were under a tornado alert early today but the threat ended at 5 a.m. without incident.

Unseasonably warm temperatures dropped drastically — 17 degrees in two hours at Fayetteville — behind the cold front and the U. S. Weather Bureau forecast an end to the precipitation in the state by tonight with cooler temperatures Friday.

Wednesday's high of 78 at Little Rock was a record for the date. Overnight lows continued warm, ranging from 63 degrees at Fayetteville to 70 at Texarkana.

The showers which swept across the state today in an east-northeasterly direction at 25 to 30 miles an hour averaged .13 of an inch of rain per hour, the Weather Bureau reported.

Rainfall during the 24 hours ended at 6 a.m. included .23 at Fayetteville, .05 at Harrison, .04 at Memphis, .02 at Walnut Ridge and a trace at Little Rock.

Amish Group in Ozark to Leave U.S.

By ROYANNE REID
Harrison Daily Times
Written for
The Associated Press
HARRISON, Ark. (AP) — Out of step in a world they never made, a tiny band of pilgrims, unable to compromise their religious principles, are leaving the Ozarks for a new start in Central America.

Their minister, Harold Stoll, explained why his people had to move on.

"More and more we're out of line because of our simple way of living. We will fit in better in another country."

Although referred to as Mennonites by their neighbors in two north Arkansas counties, the colony of eight families is more akin to the Amish branch of the Mennonite Church.

The Amish is a strict sect which requires its members to eschew electricity, automobiles and any ornamentation in dress.

The men, with their beards and black suits and the women with their black bonnets and long skirts, have long been a familiar sight in Harrison, where they do their shopping.

Stoll is the leader of the colony from which three families have already departed for British Honduras. The remaining five families will leave next week.

Farm tools and household necessities will be trucked to New Orleans and shipped by boat to Central America, Stoll said. The families will go to Mexico City by train, and by bus the rest of the way to the jungle which awaits them.

Some of the younger people are saddened by the prospect of moving, but elders in the church feel they have no choice if they are to preserve their religion.

"We believe that the teaching of evolution is contrary to God's word," explained Stoll. "We do not believe that the emphasis on entertainment and sports is beneficial to the spiritual life. We cannot conscientiously send our children to public schools."

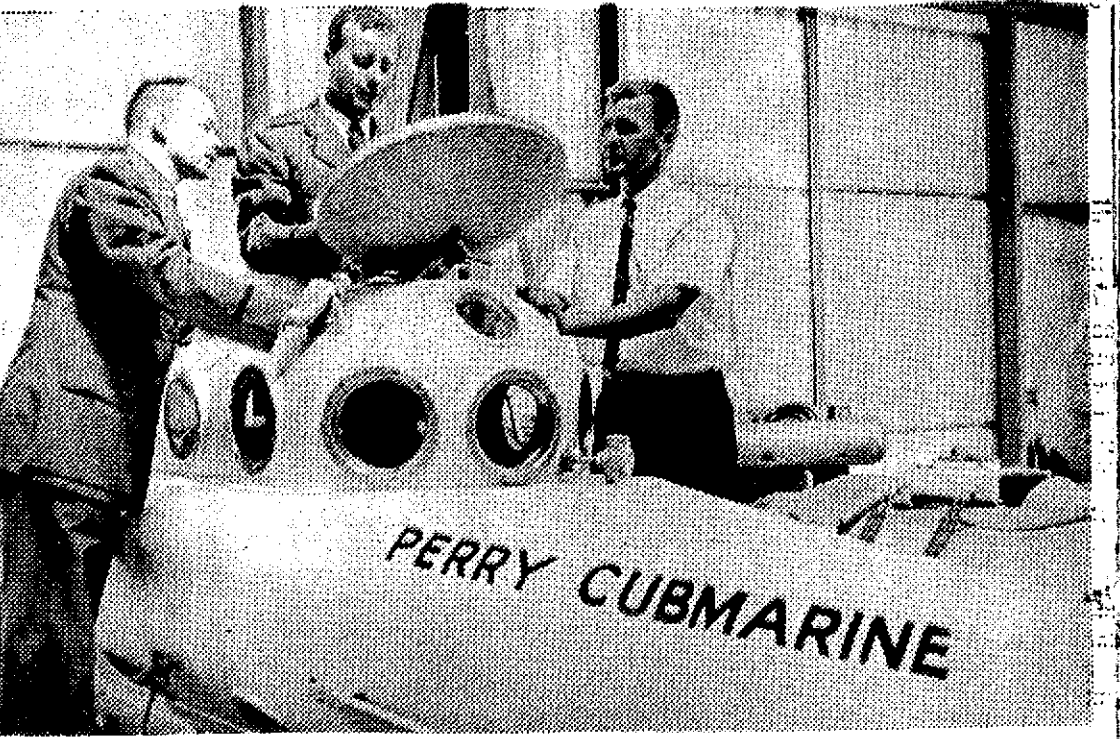

As he talked, he glanced out at the neat farmlands extending outward on all sides. They were proof of the industry of the Amish who cleared the rocky hill-sides, using only their horse-drawn equipment — they own no machinery — and worked them by hand into such productive farms that all but 100 of their 1,200 acres have already been sold.

In 1949 the group, fleeing what they felt was an engulfing tide of materialism and sophistication in Michigan, Ohio, Pennsylvania and Indiana, came to Arkansas.

Each of the families bought 150 acres to farm, at \$6 an acre. Hard work and thrift paid off this fall, when the same land sold for \$50 an acre.

Lemon-Tea Cookies Golden Nugget Cookies

About 8 dozen cookies

3 cups Dixie Lily self-rising flour*
2 tablespoons instant tea powder
1 tablespoon lemon juice
1 cup butter or margarine
1/2 cup sugar
1/2 cup firmly packed light brown sugar
1/2 teaspoon vanilla extract
1 egg

Sift flour into mixing bowl. Combine tea and lemon juice. Cream together butter, or margarine, sugar and brown sugar until light and fluffy. Beat in tea mixture and vanilla. Beat in egg, then blend in flour. (If necessary, refrigerate dough until it can be handled.) Divide dough in half; form each half into roll 1 3/4 inches in diameter. Wrap in wax paper and refrigerate at least 24 hours. Slice dough 1/4-inch thick; place slices on ungreased baking sheet. Bake in preheated 400° oven 10 to 12 minutes, or until edges are lightly browned. Remove to wire rack; cool completely. Store in tightly covered container.

About 8 dozen cookies

2 1/2 cups Dixie Lily self-rising flour*
1/2 teaspoon nutmeg
1 cup shortening
1 cup sugar
2 eggs
1 cup finely shredded carrots
2 cups sifted confectioners sugar
1 tablespoon grated orange rind
3 tablespoons orange juice
1 tablespoon milk

Sift together flour and nutmeg. Cream together shortening and sugar until light and fluffy. Beat in eggs and carrots; blend in flour. Drop by rounded teaspoonfuls onto greased baking sheet. Bake in preheated 400° oven 8 to 10 minutes, or until edges are lightly browned. Remove to wire rack. Blend together sugar, orange rind, juice and milk until smooth. When cookies are completely cool, dip tops in icing. Store in tightly covered container.

VARIATIONS: Substitute 1 cup shredded toasted coconut or 1 cup chopped nuts for carrots.

Mincemeat-Walnut Muffins

12 muffins

2 cups Dixie Lily self-rising flour*
1/2 cup chopped walnuts
1 egg, beaten
3/4 cup milk
3 tablespoons melted shortening or oil
1 cup ready-to-use mincemeat

Grease medium muffin pan. Preheat oven to 425°. Sift flour into mixing bowl and stir in walnuts. Blend together egg, milk and shortening or oil. Blend in mincemeat. Add liquid all at once to flour mixture, stirring only until flour is moistened. Fill muffin cups 3/4 full. Bake 20 to 25 minutes, or until browned. Serve warm.

*If you prefer Dixie Lily plain flour add following ingredients to flour before sifting.
Mincemeat-Walnut Muffins: 1 tablespoon baking powder and 1 teaspoon salt. Lemon-Tea Cookies: 1 tablespoon baking powder and 3/4 teaspoon salt. Golden Nugget Cookies: 2 teaspoons baking powder and 1 teaspoon salt.

Nicklaus, Palmer Take Stroke Lead

PALM BEACH GARDENS, Fla. (AP)—The dynamic duo of pro golf, Jack Nicklaus and Arnold Palmer, take a one-stroke lead into the second round of the richest-ever \$275,000 PGA team championship today.

Proving again that the best cure for a bogey is a birdie, the Nicklaus-Palmer team carded a best-ball 63 Wednesday on the "monster" 6,896 — yard East course of the PGA National Golf Club.

They bogeyed the 380 - yard fourth hole in rain Wednesday but came back with 10 birdies between them to grab the lead in a field of 120 teams aiming at the \$50,000 winner's purse. After Friday's round, only the top 60 teams will remain in contention.

One stroke back at 64 were the partnerships of Jay and Lionel Hebert, Bert Weaver and Wes Ellis, Chris Blocker and Howie Johnson, Tom Shaw and Joe Carr.

Seven teams were tied at 65 after the opening round and 15 were three strokes off the pace with 66.

Misfortune Turns Into Gold Nuggets

By JERRY Liska
SOUTH BEND, Ind. (AP)—The arrows of misfortune football cast at Coach Ara Parseghian of new national college champion Notre Dame have turned into golden nuggets for a few years to come.

The Irish, smashing to their first top finish in The Associated Press' national poll since 1949, will lose six offensive and four defensive starters by graduation.

But they still have two quarterbacks, Terry Hanratty and Coley O'Brien, who had a sort of fairy tale debut as sophomores this season, combining to lead the Irish to a 9-0-1 record.

And they are bristling with a flock of other talented juniors-to-be and a fierce bunch of current freshmen, offering replacements in the interior line where losses will be greatest from this season.

Notre Dame started the season with quarterback a question mark. It wound up the same way.

First, Hanratty teamed up with another sophomore sensation, split-end Jim Seymour, to blaze a victory trail which marked them as potentially the greatest pass combination in many a collegiate season.

Then, injury sidelined Seymour in midseason and knocked out Hanratty early in one of college football's most celebrated contests, the Nov. 19 showdown with Michigan State for the national title at East Lansing, Mich.

In stepped 173-pound O'Brien, a diabetic who munched candy bars and swigged down orange juice on the sideline to keep up his energy while rallying Notre Dame on the field from a 10-0 deficit to a controversial 10-10 deadlock with the Big Ten champion Spartans.

O'Brien then put the frosting on Notre Dame's championship cake the following week, directing the Irish to a closing 51-0 rout of Rose Bowl-bound Southern California.

"Hanratty and O'Brien had a dog-fight last spring, and I guess they'll go through the same situation again this spring," said a non-committal Parseghian.

Another plum for Parseghian next season is the return of 270-pound defensive tackle, Kevin Eddy. Eddy was decided not to turn pro this season. Hardy missed last year because of a back injury and was given an extra year of Irish competition.

Eddy and fullback Larry Conner are lost from the Irish backfield, but such seasoned ball-carriers return as Bob Gladioux, Rocky Bleier, Dave Haley, Dan Harshman and Paul May.

Parseghian's great defensive unit will lose ends Alan Page and Tom Rhodes, tackle Pete Duranko and linebackers Jim Lynch and John Horney, but coming up from the frosh are 250-pound end Jay Ziznewski, 240-pound center-linebacker Larry Vulliamin, and 270-pound tackle Mike McCoy.

Hog Cagers Surprise Okla. State

STILLWATER, Okla. (AP)—Arkansas rebounded in the last half to take a 51-46 basketball victory, its first of the season, Wednesday night over Oklahoma State.

The Cowboys held a 31-28 lead at halftime, but went without a basket for almost six minutes late in the game and Arkansas forged ahead 46-45. Oklahoma State got only six baskets in the last half.

Wally Freeman scored 16 points and Tommy Rowland 14 for Arkansas. Jim Feamster led the Cowboys with 14.

CHICAGO (AP)—The new National Professional Soccer League has announced it is ready to open a 34-match schedule for each of its 10 teams on April 16 and has a 10-year, multimillion-dollar television agreement with the Columbia Broadcasting System (CBS).

Directors and alternate directors of the league met in Chicago Wednesday.

President Robert S. Hermann of St. Louis said divisional play-offs and the championship game will all be televised nationally and will be held after a 19-week season ending Sept. 3. During the regular season, CBS will televise a Game of the Week each Sunday.

The league includes Los Angeles, San Francisco, St. Louis, Chicago and Toronto in the Western Division and Philadelphia, Pittsburgh, New York, Atlanta and Baltimore in the Eastern Division.

Bronco Negro

Players End

Rebellion

DENVER, Colo. (AP)—A brief rebellion by all 12 Negro players on the Denver Broncos of the American Football League has ended.

"As far as I'm concerned this is a closed incident," Coach Ray Malavasi said after Wednesday's practice. "We had an excellent practice and I don't think this thing will have an effect on our play at Oakland Sunday."

The Negroes refused to show up Tuesday night at the annual dinner-dance given for the team by the Denver Broncos Quarterback Club.

Malavasi said he had told all players in advance they were required to attend unless they were excused for illness or injury.

At a meeting with the Negroes Wednesday, Malavasi said they were all fined. He did not reveal the amount but reports indicated all were assessed \$50.

During the meeting, Malavasi said they pointed out grievances which prompted the boycott of the dinner-dance.

Malavasi refused to say what they were.

Phillips on All-Star Team a 2nd Time

NEW YORK (AP)—Tackle Loyd Phillips, winner of the Outland Award as the nation's top interior lineman, today became the first football player in University of Arkansas history to become a two-time All-America.

Phillips was named to a defensive tackle position on The Associated Press All-America team today for the second straight year. Phillips is a 230-pound senior from Longview, Tex.

He was the only Razorback on the first two units, but eight other Porkers received honorable mention.

Offensive team honorable mention recipients were tackle Dick Cunningham, center Melvin Gibbs, quarterback Jon Brittenum and tailback David Dickey.

Named to the defensive honorable mention list were end Hartford Hamilton, middle guard David Cooper and backs Martine Bercher and Gary Adams.

Dickey and Adams are sophomores, Cooper and Hamilton juniors.

OXFORD, Miss. (AP)—Unde-
feated Mississippi won its fourth straight basketball game Wednesday night with a 96-69 victory over Arkansas A&M.

A&M, sparked by Randy Guise and Kelton Busby, who finished with 18 points apiece, led by slim margins in the early going, but the Rebels slowly pulled away and held a 50-33 halftime margin.

Jerry Brawner scored 22 points and grabbed 13 rebounds for Mississippi.

Levias Will

Continue

at SMU

By HAROLD V. RATLIFF
DALLAS (AP)—Jerry Levias, a black Negro to get an athletic scholarship in the Southwest Conference, says he anticipates finishing his athletics and education at SMU despite reports that racial slurs are causing him to consider withdrawing.

The 20-year-old Beaumont, Tex., player who was the conference's sensation with his performance at SMU as a sophomore this season, declared, "I have no plans for leaving Southern Methodist but my father has been concerned and I will talk to him about it."

"I think I can convince him that I should continue at Southern Methodist."

Levias has been subjected to letters and telephone calls and, according to his coach, Hayden Fry, players on two opposing teams sent racial barbs his way.

Also, it was reported that special police were on hand Nov. 26 at Fort Worth, during the SMU-Texas Christian game, because of the threat of bodily harm.

Fry said the boy had told him he didn't know if it was worth it — going through such an experience — but that Levias never had said he was going to quit.

Levias said he was looking forward to the Cotton Bowl game where SMU, as champion of the Southwest Conference, meets Georgia Dec. 31.

During the past season, his running and pass-receiving brought the Mustangs six of their eight victories. He made the All-Southwest Conference team at split end and was voted most valuable lineman in the conference.

Cage Giant

Injures Leg

LOS ANGELES (AP)—Lew Alcinder, UCLA's 7-foot-1 basketball star, suffered a leg injury in last Saturday's Southern California game but probably will be able to start against Duke this weekend, Coach John Wooden said Wednesday.

Wooden said Alcinder received an accidental kick to the lower calf of his right leg in the Bruins' 105-90 win over USC in Los Angeles.

ALLIE SHERMAN, right, the coach of the New York Giants of the National Football League, has had his troubles this season (the Giants have won just one game), but he thought of better days Dec. 5 in New York when he autographed a picture of former quarterback Charley Conerly. Charley was inducted into the Football Hall of Fame Dec. 6 and past and present members of the Giants turned out to honor the former star.

Barry Does

Not Fear a

Few Misses

By THE ASSOCIATED PRESS
You can say one thing for Rick Barry: he doesn't let missing a few bother him.

The San Francisco forward, who leads the National Basketball Association in scoring by a wide margin, had his problems in the Warriors' 116-106 loss at Baltimore Wednesday night.

After scoring 47 points against New York Tuesday night, Barry was held to 21 by the Bullets and only managed to connect on eight of 33 shots from the floor.

The latter figure shows that miss them or not, Barry kept on shooting.

In the meantime, the Bullets, playing their first game under new coach Gene Shue, raced off to a 20-5 lead in the opening moments, fell behind early in the third period and then staged a winning rally at the beginning of the fourth quarter.

In other NBA games, Boston beat Cincinnati 119-91, New York edged Detroit 118-116, Philadelphia took Chicago 117-103 and Los Angeles outlasted St. Louis 130-128 in overtime.

All-America Grid Team Picked by AP

By TED SMITS

Associated Press Sports Editor

NEW YORK (AP)—Notre Dame, the national champion, and Michigan State, the runner-up, each placed three men on The Associated Press All-America football team announced today.

They are Tom Regner, offensive guard, Nick Eddy, offensive back, and Jim Lynch, linebacker, from Notre Dame; and Bubba Smith, defensive end, and George Webster, defensive back from Michigan State.

Steve Spurrier of Florida, the Heisman Award winner, heads up the offensive backfield as quarterback and Mel Farr, UCLA, rounds it out.

The team was based on recommendations of the AP football board of sports writers and sportscasters, who also voted weekly on the Top Ten teams.

The 1966 team is a mammoth one, with Smith at 268 the largest, but it also includes Frank Loria of Virginia Tech, 175-pound junior defensive back.

Next smallest is Ray Perkins, Alabama's 184-pound offensive end. Alabama placed a second man on the team in the person of Cecil Dowdy, offensive tackle.

Nebraska also had two on the first team: LaVerne Allers, offensive guard, and Wayne Meylan, defensive middle guard.

Webster, termed by Coach Duffy Daugherty "the finest defensive player we've ever had," is one of three repeaters from 1965 on the first team, the others being Loyd Phillips of Arkansas and George Patton of Georgia, defensive tackles.

Spurrier, widely sought after in professional football because of his size—6-foot-2 and 208 pounds—and skill, completed 179 out of 291 passes for 2,012 yards and 16 touchdowns and an average of 6.5 per cent.

The Florida coach, Ray Graves, declared he "is not only the best quarterback I ever coached, he's the best I've ever seen."

Eddy, at 195 the smallest member of the offensive backfield, had an amazing average of 7.1 yards a carry, but his total of 553 reflected the fact he lost some playing time due to injuries and was taken out of games when Notre Dame built a commanding lead.

Farr gained 809 yards during the season for an average of 5.9, Jones 784 for a 4.3 average. In Michigan State's 10-10 tie with Notre Dame, Jones was used principally as a blocker.

NEW YORK (AP)—The 1966 Associated Press All-America football team:

Player of

Week Not

Such a Boy

By THE ASSOCIATED PRESS
His teammates teased Dan Conners, Oakland's 25-year-old linebacker, about being a kid and he takes modest offense.

"I don't know that I'm such a boy," Conners says. "Gus Otto (another Raider linebacker) is only 22...heck, he only shaves twice a week."

Conners looked full grown against the New York Jets last Saturday and his performance in the 28-28 tie made him The Associated Press' Defensive Player of the Week in the American Football League.

The third-year pro from Miami made five tackles by himself and assisted on seven others against the Jets. He also knocked down two Joe Namath passes and intercepted a pair, returning one 37 yards and the other 23 yards for a touchdown.

Conners played defensive tackle in college and switched to backing the line when he moved into the professional ranks. At 6-foot-1 and 230 pounds he combines excellent mobility with the instinct to be where the ball is.

Shue Proves Worth to Cage Fans

BALTIMORE (AP) — Gene Shue didn't have to pay his way to the Civic Center Wednesday night, but his free ticket was worth the price of admission for Baltimore Bullets' fans.

In just one game, Shue already has accomplished his first objective as coach of the National Basketball Association team: Post team victory No. 5.

When he became Baltimore's third coach of the young season Sunday, Shue said he would stress defense and promised the club's long-range goal was to reach the post-season playoffs.

"But first," he said, "we want to win No. 5."

By whipping the Western Division leading San Francisco Warriors 116-106 Wednesday night, the Bullets ended a five-game losing streak and tied their long-winning streak of the season.

"We were ragged at times offensively," Shue said, "but we did everything we were supposed to do on defense."

Shue, the Baltimore area's most famous basketball product, has suffered along with local spectators thus far. Now, he thinks the 5-21 start may be reversed.

"These players have a lot of professional pride and a desire to win," Shue said. "We're just not going to look at our past record. We're starting a new season now."

Native of Camden Shot to Death

MEMPHIS (AP) — Clyde Triplett, 21, was arrested and charged with murder Wednesday in the slaying of Dr. Holland Sullenberger, chief of the emergency room at John Gaston Hospital here.

Sullenberger's body was found in a water-filled sand pit Sunday.

Sullenberger, a native of Camden, Ark., had been missing since Nov. 17 after he left his shift duties at the hospital.

India Cow Kills Up to Individual

NEW DELHI, India (AP) — Plans on the slaughter of cows are up to India's individual states, Home Minister Y.B. Chavan told Parliament Monday night, but the central government will "work vigorously" to get all 17 states to adopt such a ban.

All but six of India's states now prohibit the slaughter of cows, which are considered sacred by Hindus.

Finch May Be California's New GOP Star

By GEORGE ZUCKER
LOS ANGELES, Calif. (AP) — Political insiders in California believe a new Republican star was born in the Nov. 8 election — and a lot of them don't mean Ronald Reagan.

The man they have in mind is Robert H. Finch, whose name was all but lost in the national headline shuffle when Reagan unseated Gov. Edmund G. Brown by nearly a million votes.

Almost unnoticed was the fact that Finch, running for lieutenant governor, had rocketed from relative obscurity a few weeks before election time to become the greatest Republican vote getter in California history.

Finch defeated Lt. Gov. Glenn Anderson, the two-term Democratic incumbent, by 1.2 million votes. That was 300,000 votes more than running mate Reagan's margin over Brown.

Who is Finch? He is a ruggedly handsome, 41-year-old Los Angeles lawyer, until recently known mainly to political pros as a manager of other people's campaigns.

He managed Richard M. Nixon's unsuccessful presidential campaign in 1960. Four years later he engineered actor George Murphy into the U.S. Senate.

Finch is considered one of the canniest political strategists around. There are few who think he will be content to remain indefinitely in Reagan's shadow.

In his first bid for state office, Finch stamped himself as a practical, middle-of-the-road Republican despite the conservative tide which swept the

India Succeeds Also in Death Control

By ALTON BLAKESLEE
AP Science Writer
NEW DELHI, India (AP) — India, struggling urgently to achieve birth control, is succeeding as well in death control.

Thirty years ago, malaria killed and fevered and weakened 100 million persons each year and one to two million died.

Now, malaria hits less than 100,000 a year and a death due to malaria has become a matter of curiosity, health officials say.

But there are fires of other diseases to put out or dampen, including a curious, unexplained killer that for nine years has been snuffing out lives of children of Nagpur, a city in central India.

The Health Ministry lists the current death rate at 16 per 1,000 persons, down from 27.4 in 1951. That means eight million deaths a year, many or even the bulk occurring among the 21 million babies born each year.

This gives India a net gain of 12 million-plus per year, and family planning, it is hoped, will reduce the birth rate from its present 40 plus per 1,000 to 18.

Disease control is credited with boosting average life expectancy at birth toward 50 years now, compared with 32 in the decade 1941-51.

One sharp lesson aimed at a host of other killer diseases is the National Institute of Communicable Diseases, modeled after the Communicable Disease Center, U.S. Public Health Service, in Atlanta, Ga. It is directed by a skilled physician-scientist, Dr. J. B. Shrivastava.

He ticks off smallpox, cholera, typhoid fever, dysenteries, filaria, hookworm, trachoma, viral hepatitis, tuberculosis, virus infections, and tetanus as main challenges. Plagues is no longer a real problem, although there are sporadic outbreaks.

The center sends teams of experts when word is received of epidemic outbreaks, to pinpoint causes and help limit the spread. It does basic research on diseases, checks purity of drugs and heads up training of medical and supporting personnel.

Malaria yielded to an intensive, concentrated attack using DDT spraying of "practically everything and every place," says Dr. Ernest Tierkel, a veterinarian of the Atlanta center, now working for the U.S. Agency for International Development, assisting the Indian government.

Next came a consolidation phase, with mop-up teams checking blood smears, histories of illnesses, and respraying where malarial mosquitoes persisted. Now most of the country is under continuing surveillance.

But the mystery disease in Nagpur, 450 miles east of Bombay, has experts baffled. Since 1958, between March and August each year, it has struck down children under age 15 with fever, diarrhea, vomiting and convulsions, with 90 to 99 per cent dying.

"It's being called encephalitis, but that doesn't explain it," Dr. Tierkel says. "It's confined mainly to Nagpur, but there are occasional outbreaks in a few other places. Last year it was fatal in 287 out of 323 cases, this year in 280 out of 296."

Leprosy is a threat, with more than half a million cases recorded, some 16,000 of them discovered in checkups of more than a million persons in 1965-66.

Ahead lies an awesome task of improving general sanitation and supplying safe water for half a billion or more people. The government estimates that would cost at least \$5.25 billion in the next 20 years.

Politicians Lose That Magic Touch

By JAMES MARLOW
Associated Press News Analyst
WASHINGTON (AP) — Maybe the whole thing's wrong.

Maybe Congress is too stuffy, too stiff, too cramped, too much in a rut and out of date. Maybe it needs to move outdoors, on a mountain or near one, in a field, in the woods, near a stream, or under a tent.

Perhaps a little music, or singing, or a few horsemen dashing up the grassy aisle at the last minute to break a tie vote would liven things up a bit, just to break the sameness and get the public interested.

In recent years there have been only three good actors in the Senate: Sen. Lyndon B. Johnson, the Texas Democrat; and two Republican senators: George Murphy of California and Everett M. Dirksen of Illinois.

Johnson moved on to the White House. Murphy has hardly performed in his old professional way. Only Dirksen has never stopped acting.

He has just come out with a hit album of dramatic readings, "The Callant Men," recorded in his voice which is one of the most fascinating in America since it starts out sounding like, "Oh, boy" and suddenly sounds like, "Oh, Lord."

It's beginning to sink in on politicians that they've lost their magic.

All year people by the hundreds of thousands troop into the Capitol to watch the House and Senate, where it's all free, and probably not one in a thousand sits through one whole day to watch and listen.

But, for that matter, it's a rare senator or representative who sits in his chamber one whole day to listen to his colleagues, either.

Yet, around the country people pay out money by the bushels to sit for hours to see a show or hear a concert. And everywhere in America millions from supper to midnight sit entranced before television.

No wonder in California the Republicans picked Ronald Reagan to be their gubernatorial candidate or that the people elected him. And no wonder that now the defeated Democratic governor, Edmund G. Brown, is suggesting actor Gregory Peck would be a good bet to run for the Senate.

Chuck Connors, one-time ball player and television Western star, and John Wayne, the strong silent type of movies and television, have been mentioned as fine political candidates.

A few musicians like Louis (Satchmo) Armstrong, for instance, would liven up Senate sessions. When the Southerners put on a filibuster to block a civil rights bill they usually play to pretty thin galleries.

If Armstrong were a senator, and pulled out his trumpet to put on an anti-filibuster filibuster, he'd pack the place, wherever it was. And if Marlan Anderson could get elected to the Senate and, instead of making a

speech, gave a weekly performance with her magnificent contralto, the Senate could help reduce the national debt by selling tickets.

She'd be a sell-out every time. She'd never have to make a speech, just sing what she wanted to say.

There'd be a real revolution in the Senate's way of doing things if New York sent Edward (Duke) Ellington to the Senate since he could provide both religious and jazz music for his colleagues.

There might be a hitch here, of course. He'd have to get unanimous consent before his orchestra in the gallery, or on the benches in the back of the tent, could play, but once it did there'd be dancing in the aisles.

Neither House nor Senate has any sense of humor. There's not a comedian in either place. This could be remedied if there were a Sen. Jack Benny or a Rep. Milton Berle.

And there would be 100 per cent roll calls in the House every time for sure if the speaker was the unpredictable Phyllis Diller. And who could break up bum arguments better in House or Senate, even without a gun, than James Arness, who plays Matt Dillon in Gunsmoke every Saturday night?

WORLD ALMANAC FACTS

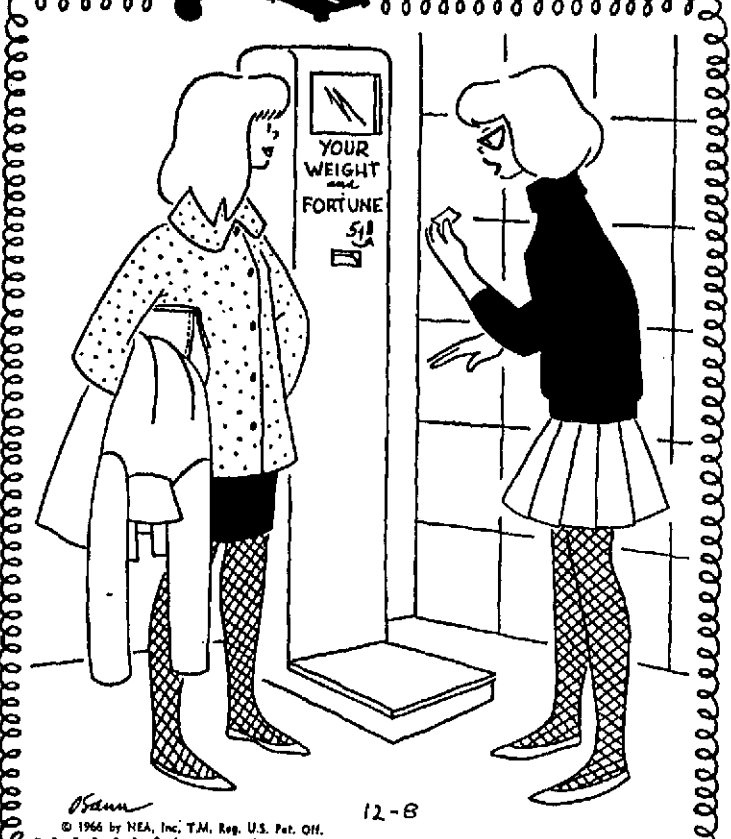

TIZZY

by Kate Osann

With about 200,000 men, the Mongol armies of the 13th century conquered China, most of Russia and Central Asia, and even penetrated as far as Poland. This famous group of tough, hard-riding men, led during most of the conquests by Genghis Khan, was reported to have covered 270 miles in three days, according to The World Almanac. Their armament included both light and heavy bows with armor-piercing arrows capable of killing at 600 feet.

WIN AT BRIDGE

Al Morehead was Culbertson's right hand man for many years. In "Morehead on Bidding" he quotes Ely as saying: "The biggest invisible losses come when the opponents are defeated three tricks undoubted."

We hold no brief for South's bidding. He should have passed at two spades or three diamonds but he didn't. West recognized the signs of a misfit and while he didn't have much of a hand he felt that a double would pay dividends.

It did. West opened the four of spades. The deuce was played from North and East won the trick with the king. He returned the ten of hearts. South went up with the ace and led the deuce of diamonds. West played the three, dummy the queen and East was in again with the diamond ace.

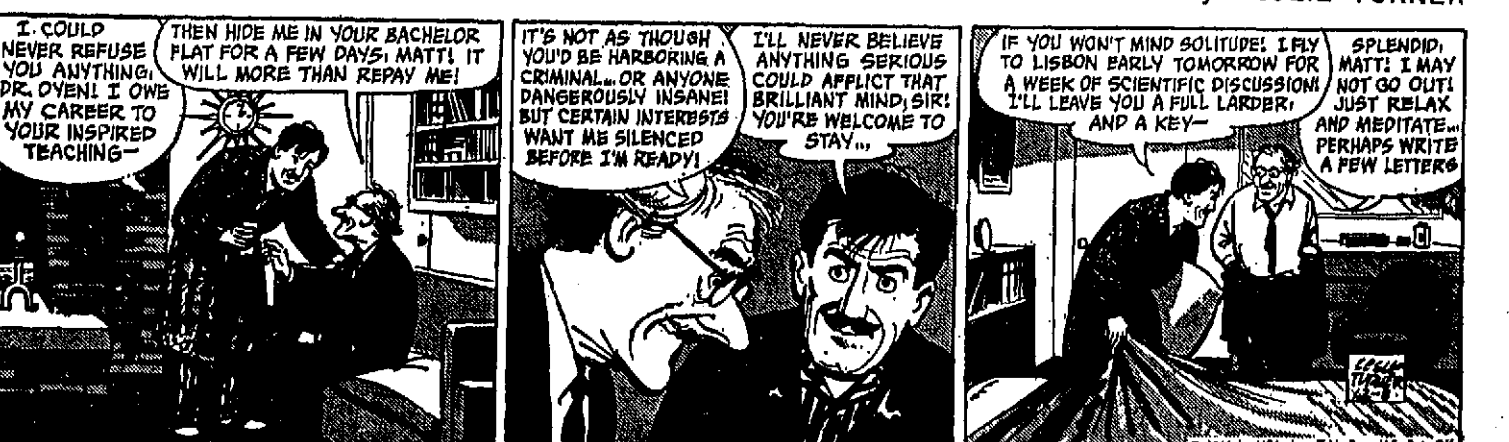

East led the nine of hearts. South's queen lost to West's king and West led the jack of diamonds. It was allowed to hold and West continued with the ten. This was won in dummy and South led a spade to his queen.

South's next play was the deuce of hearts. He hoped this would force the jack but

West won with the seven and cashed his nine of diamonds. Eventually West had to give South two club tricks but West's double had produced a 700-point penalty.

An interesting feature of the double is that if West had held a better hand in high cards for his double the penalty would never have reached the 700-point figure. Just move the ace of diamonds over to his hand and North's king and queen of diamonds would have both made tricks.

Floods in California Cause Havoc

By THE ASSOCIATED PRESS
Swollen rivers receded from flood-battered homes of California's Central Valley today as authorities kept a wary eye on the cresting Salinas River in a coastal area.

Army helicopters were readied today to airlift medical and food to the small town of Johnsville, whose residents are completely isolated by washed out roads.

Kern County officials said some 600 residents were stranded in a logging camp about 40 miles north of the upland town of Kernville. National Guardsmen helped evacuate 200 persons from Porterville Wednesday.

Officials counted one person dead and another missing in the floods, which chased some 700 persons from their homes.

In the Central Valley, property damage is expected to go into the millions. Scores of bridges in Tulare and Kern Counties were washed away or badly damaged.

At the other end of the nation, river forecasters issued high-water warnings for a four-county area of northwestern Pennsylvania along the Allegheny River as thawing snow and steady rains caused minor flooding and closed low-lying highways.

The greatest danger appeared to be in Meadville, where the water passed the 11-foot mark at midnight and crept toward flood level of 13 feet.

There was no immediate danger to Pittsburgh, about 100 miles downstream from Meadville, the forecast said.

Wet and cloudy weather covered the major part of the nation, with heavy rain, strong winds and hail in many sections of the central part of the country and rain and snow in some northern sections and in the West.

Fairly mild weather continued over much of the area east of the Mississippi, and it was a little cooler in the southern Plains.

Man Shot to Death in Prescott

PRESCOTT, Ark. (AP) — A Prescott contractor and driver in grocery owner was shot to death Wednesday while doing grade work on a street.

Sheriff Horace Hale of Nevada County said Barham Cox, about 40, was shot an undetermined number of times.

A man was being held in connection with the shooting, Hale said.

Members of two of the smallest Protestant denominations in the United States are the most generous in filling collection plates. In a survey of 1965 contributions to 44 major churches, the Yearbook of American Churches found The Wesleyan Methodist Church, with 39,000 members, and The Evangelical Free Church of America, 46,000 members, far ahead. The Episcopal Church led denominations of more than a million. Average per capita contribution was \$77.75, \$5.71 above the previous year. The Yearbook estimated that Americans contributed some \$5.5 billion to all religious bodies during 1965.

Powell Decides He'll Start Paying Off

By JOHN BECKLER
WASHINGTON (AP) — Rep. Lionel Van Deerlin says he will drop his opposition to seating Rep. Adam Clayton Powell in the new Congress if the Harlem Democrat "can return to his home state of New York without going to jail."

Van Deerlin's statement came after Powell disclosed through an aide that he intends to begin immediate payments of \$60 a week to a Harlem widow who holds a \$184,000 libel judgment against him.

Powell's chief aide, C. Sumner Stone, also said that after the first of the year Powell would make a statement "concerning a personal major financial effort toward the resolution of the existing judgment."

Van Deerlin had announced earlier he would challenge Powell's right to a seat in the 90th Congress when it convenes Jan. 10. The California Democrat said in San Diego Wednesday night that he didn't know whether clearing up the civil action would automatically lift four contempt findings facing Powell because of his failure to heed earlier court orders.

But he added: "If Powell can return to his home state of New York without going to jail, then I won't object to him being sworn in."

The four contempt counts carry total penalties of one year and 60 days in jail and Powell is subject to arrest if he is found in New York state. He has been in the Bahama Islands for the past several weeks and was still there Wednesday.

Powell was ordered to make the \$60 a week payments last Friday by New York State Supreme Court Justice Joseph A. Brut. Powell has claimed that his \$30,000 a year congressional salary is his only income, making payment of the \$164,000 judgment impossible.

At the rate of \$60 a week it would take Powell, who is now 58, about 53 years to pay the judgment in full. The widow, Esther James, would be 121 when the last payment was made.

Spain Liberal in Religion

MADRID, Spain (AP) — Spain's College of Catholic Bishops gave final secret approval to the long-delayed law of religious liberty in a conference which ended Tuesday, reliable sources in close touch with church leaders said today.

The action removed the last major barrier to speedy passage of the law granting Spain's 30,000 Protestants, its Jewish community, and other minorities equal rights to worship and practice their faiths in Roman Catholic Spain.

The next step is formal approval by the national Cabinet. The proposal retains Roman Catholicism as the official religion of Spain.

Just Wanted to Go to School

SUN CITY, Ariz. (AP) — Vernon Sperry's decision to go to college brought these results: After he enrolled in an art course at Glendale Community College, the school assigned him to night classes.

Sperry found the night drive to and from his home tiring and applied for a tuition refund.

"Two weeks later, the college advised me that I had been dropped due to absenteeism," Sperry said.

Now Sperry, a 68-year-old veteran of World Wars I and II, says he has a letter ordering him to report to the draft as a school dropout.

Holiday College Seminar

John Scott Andrews, OBU sophomore, will be master of ceremonies at the second annual Holiday College Seminar in the HHS auditorium Wednesday, December 28, at 2 p.m.

One student from each of the colleges in the state of Arkansas and two from out-of-state colleges will participate in the program.

Each representative will discuss freshman orientation and give a brief summary of their college. They will also discuss some of the problems they have encountered.

The panel consists of the following students: Bill McKenzie, Arkansas Tech; Peggy McCorkle, Central Baptist; Malcolm Hinton, University of Arkansas; Jim Pilkinton, Hendrix.

Margie Waddle, Arkansas State Teachers; Martha Allison, Agnes Scott; Monroe Pardue, Henderson State Teachers; Sandy Harmon, Evangel; Marsha Garner, Southern State; Becky Lewis, OBU.

"It is hoped that all seniors, juniors, and parents will attend this seminar," stated Counselor Downs.

Regional Meeting on Welfare

MORRILTON, Ark. (AP) — A four-state regional meeting of two groups interested in the welfare of foreign students opened this afternoon at Winrock Farm on nearby Petit Jean Mountain.

The scene of the meeting shifts Friday and Saturday to Hot Springs where a series of seminars and speeches are scheduled.

Meeting jointly are the National Association for Foreign Student Affairs and the Institute for International Education. Between 100 and 150 delegates are expected from Arkansas, Texas, Louisiana and Oklahoma.

Governor-elect Winthrop Rockefeller is host to the Petit Jean portion of the meeting.

Greek Ferry Sinks, Many Persons Die

By CHRIS ELIOU
ATHENS (AP) — A Greek passenger ship sank today in a raging storm in the Aegean Sea and more than 200 persons were feared drowned.

Of the 281 persons aboard, only 47 had been snatched from the stormy seas hours after the ship went down.

The Greek Merchant Marine Ministry said all contact was lost with the 8,900-ton Heraklion after the ferry's radio operator messaged: "We are sinking."

The ferry was reported carrying 206 passengers and a crew of 56.

AEA Goal Is \$500 Raise for Teachers

LITTLE ROCK (AP) — The Arkansas Education Association says its primary legislative goal is a \$500 salary increase for each teacher in the next two years.

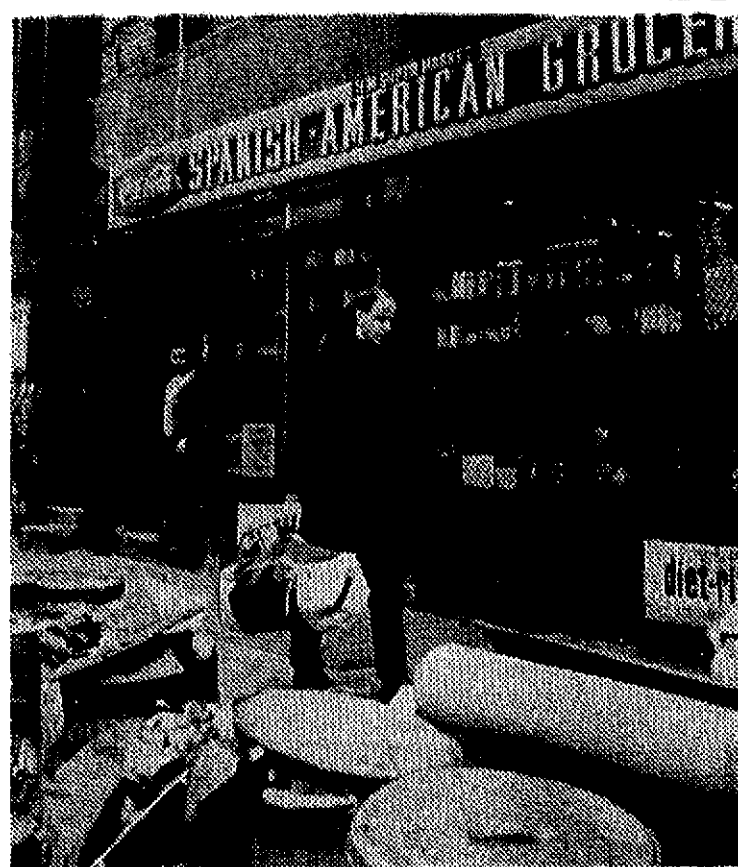

The AEA said in its publication "The Link" that it wanted the increase to be financed by an increased allocation in the Public School Fund under the Revenue Stabilization Act.

It said the allocation was \$83,190,000 this year. To provide the salary increase, the AEA said, would require an increase of about \$24,700 in the next two years.

The AEA said this meant that the Revenue Stabilization Act would have to be amended to guarantee the fund \$96,400,000 next year and \$107,89,000 the following year.

The AEA noted that Governor-elect Winthrop Rockefeller and both major political parties had proposed teacher salary increases.

Postman Would Be a True Santa If He Brought This

By HAL BOYLE
NEW YORK (AP) — The postman would be a true Santa Claus if he brought this kind of holiday dream mail:

"Harry, this is just a hasty note to let you know that your Christmas bonus this year will be \$1,000. I'd appreciate it if you'd keep the amount secret, as the rest of the staff are only getting \$500 each. But your work this last year has been so outstanding that we—"

"Dear Dad, I don't want you to faint from the shock, but my college roommate and I are doing so well with that cleaning shop we opened just off the campus that we're rolling in loot. From now on I won't be needing that \$75 a month you've been sending me. The way we're going now, I'll be able to handle my own tuition and room and board bills for the next semester. I am enclosing my check to you for \$50 to buy yourself something nice for Christmas. Don't spend it all on bubble gum. Your son, Joe."

State Parolees Sought by FBI

LITTLE ROCK (AP) — The FBI said Wednesday that federal warrants had been issued at Detroit, Mich., charging two parolees from the Arkansas State Penitentiary with interstate transportation of a stolen car.

The car was last shown to be in possession of Janet Stewart, who was found strangled at Dry Ridge, Ky.

Named in the warrants were William Thomas Banks, 23, and Robert Lee Cawne, 28, who have not been taken into custody.

Planes Keep Up Attack on Viet Cong

By ROBERT TUCKMAN
SAIGON, South Viet Nam (AP) — B52 bombers pounded a Viet Cong jungle base 25 miles northwest of Saigon today, opening a new campaign to clear the enemy from around South Viet Nam's capital.

The clearance campaign was launched in the wake of the bold suicide attack last weekend on Saigon's Tan Son Nhut Air Base. The B52 target was believed to be the base from which the Viet Cong mount terror and infiltration attacks on the capital.

In the ground war, only small patrol skirmishes again were reported, a situation that has prevailed for more than a week. The continuing lull was reflected in a decrease in the casualties last week for all forces in Viet Nam.

The U. S. command said 44 Americans were killed, 521 were wounded and 18 were missing or captured. The week before there were 143 killed, 709 wounded and 2 missing or captured.

Vietnamese casualties dropped from 159 killed and 41 missing to 139 killed and 14 missing, while the enemy figures last week were 1,181 killed and 162 captured, compared with 1,439 killed and 144 captured the week before.

At the Vatican, Pope Paul VI urged that the truces proclaimed for Christmas and the Vietnamese New Year in February be joined into a lasting armistice that would permit negotiations for peace. There was no immediate reaction in Saigon, but Premier Nguyen Cao Ky recently said that any truce should be a matter of hours and not days. U. S. officials also have expressed opposition to a prolonged truce, contending that the Communists take advantage of the respite to regroup and resupply.

U. S. headquarters in Saigon reported that American troop strength in Viet Nam reached 362,000 by last Saturday, a net increase of 1,000.

In the B52 raid 25 miles northwest of Saigon, bombers unloaded tons of explosives on a Viet Cong complex which U. S. officers said contained numerous trenches, bunkers, automatic weapons positions and suspected concentrations of troops.

The bombers staged a second raid in South Viet Nam today, hitting a Communist supply base 25 miles west of Chu Lai, in the northern part of the country near the South China Sea Coast.

A U.S. spokesman said two American F5 jet fighter-bombers crashed Wednesday near Saigon and both pilots were killed. One crash was blamed on "control problems." Cause of the other was not known.

Aboard the destroyer Manley off Viet Nam, a five-inch shell exploded in a gun turret Wednesday and three crewmen were injured in the fire that followed the blast. Sen. Henry M. Jackson, D-Wash., was aboard to observe the naval bombardment but was not injured. Cause of the explosion was not immediately determined, the Navy said.

Ford, Moss to Continue to Serve

LITTLE ROCK (AP) — State Education Commissioner A. W. Ford and Welfare Commissioner A. J. (Red) Moss said Wednesday they would be happy to continue to serve in the Republican administration of Governor-elect Winthrop Rockefeller.

Rockefeller had invited the two to stay on in his administration.

Ford said he looked forward to working with Rockefeller and had written the governor-elect thanking him for the chance to continue as head of the Education Department.

Moss said it would be "a great pleasure" to serve under Rockefeller.

"I intend to do the very best job I am capable of in carrying out the functions of this agency," Moss said.

Rice Cut Is Back Original Acreage

LITTLE ROCK (AP) — A cut of about 10 per cent in the rice allotment announced earlier this week brings the acreage back to the originally planned allotment for last year, an Agriculture Department spokesman said today.

The department said Monday that the 1967 allotment would be decreased because the world rice supply situation improved this year.

It said the 1967 national planting allotment will be 1,818,638 acres, including 439,019 acres in Arkansas. The national figure is about the same as it was in 1965 and the same as the planned 1966 allotment.

However, the spokesman said, the allotment was increased by about 10 per cent last year. This "special" allotment increase is being done away with for 1967, the spokesman said.

All Happened in Short Order

SHELBYVILLE, Ky. (AP) — Cashier Bill Tingle went into action Tuesday when a stranger walked into the People's Bank of Bagdad, Ky., and demanded money.

In short order, Tingle: — Threw a stool at the would-be robber and chased him from the bank.

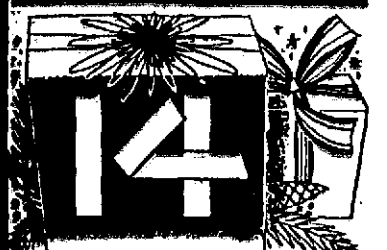

— Fired three bullets into the tires of the getaway car.

— Caught up with the unarmed man on the outskirts of town and knocked him cold with a gun.

— Held the suspect until state police arrived.

Officers later charged Richard King, 43, of Louisville, with attempted robbery.

British Plan Economic War on Rhodesia

By RONALD THOMSON
LONDON (AP) — The British government made plans today to wage economic war against defiant Rhodesia despite the grim knowledge that the cost could be crippling.

The nation braces for rising turmoil in Africa, more bitterness in the Commonwealth, parliamentary strife at home and a harmful effect on its already shaky finances.

These were some of the accepted implications of Prime Minister Harold Wilson's vow to crush Ian Smith's rebel white settler regime in Rhodesia no matter how long it takes.

One immediate concern was that a run on the pound sterling might develop in stock exchanges reacting nervously to the Rhodesian cabinet's rejection of the peace formula. Wilson and Smith drew up last weekend.

The Bank of England was reported to have made 10 million pounds (\$28 million) available in New York and to be ready to spend millions more in the foreign exchange market to fend off any sudden onslaught by speculators.

Warning the Rhodesians that certain inevitable consequences must flow from their continued defiance of Britain, Wilson ordered full speed ahead in moves to impose a worldwide ban on trade with the breakaway colony.

Foreign Secretary George Brown was leaving for New York tonight to steer Britain's application for compulsory sanctions through the U.N. Security Council.

Brooke May Serve With Eastland

By JACK BELL
WASHINGTON (AP) — A switch by Sen. Jacob K. Javits may open a place for the nation's first popularly elected Negro senator to serve on a Senate committee headed by an all-out segregationist.

Javits is reported to have the inside track for a Republican vacancy on the powerful Senate Appropriations Committee. The New Yorker served briefly on this group in 1962 but was dumped from membership when Democrats increased their senatorial margin in 1962.

If senators with greater seniority step aside as expected, Javits will get the Appropriations assignment and give up his post on the Judiciary Committee headed by Sen. James O. Eastland, D-Miss. This may

Diet Tricks With Fish Sticks

It takes no special tricks to fix fish sticks. Just follow the simple directions on the package. There's no trick to getting your family to eat them either; fish sticks have been an American favorite for years. The trick comes when you top piping hot fish sticks with a cold caper sauce to present a dieter's dream. Four fish sticks with a generous serving of this different, easy-to-do topping amount to about 240 calories.

This quick-fix seafood slimmer, Fish Caper, from the U.S. Department of the Interior's Bureau of Commercial Fisheries, will delight the dieter, fascinate the fastidious, and haul in a netful of compliments for the clever cook.

FISH CAPER
24 frozen fried fish sticks (¾ to 1¼ ounces each)
Caper Sauce

Place frozen fried fish sticks in a single layer on a greased cookie sheet, 15 X 12 inches. Bake in a hot oven, 400 degrees F. for 15 to 20 minutes or until heated through and crisp. Serve with Caper Sauce. Serves 6.
Approximately 240 calories in each serving.

CAPER SAUCE
1 cup yogurt
2 tablespoon chopped capers
1 tablespoon grated lemon rind
1 tablespoon chopped parsley
2 teaspoons instant minced onion
1 tablespoon lemon juice

Combine all ingredients and mix thoroughly. Chill. Makes approximately 1¼ cups of sauce.

Happiness Is a Thing Called Comfy Feet

NEW YORK — (NEA) — stockings daily. If you have perspiration problems, you might want to carry an extra pair of stockings along.

This year you would help your disposition and shopping outlook if you'd treat your feet with a little more respect.

We all know that one of the greatest causes of unnecessary suffering from the ankle down is ill-fitting shoes that have been purchased for the sake of fashion or that have not been kept in good repair.

To make your shopping trips a little less painful (on the feet, not the pocketbook), the following suggestions will help:

- Take an extra pair of shoes along. A change of heel height will add a few hours to your expedition.
- Be sure you put on clean

TELEVISION STARS Richard Chamberlain and Mary Tyler Moore prepare to conquer Broadway in "Breakfast at Tiffany's." Some critics say their performances in Boston and Philadelphia left something to be desired.

HELEN HENNESSY'S CHRISTMAS BOUTIQUE

NEW YORK—(NEA)—Girl talk gives way to toy talk among young mothers this time of year. Beauty salons buzz with a different kind of gossip. Instead of discussing their neighbors' new outfits women are describing the clothes they have bought for their daughters' fashion dolls.

Even among the men on commuter trains the Dow Jones average takes a back seat to talk of trucks, games and toy guitars purchased for the kids' Christmas. And the conversation invariably includes some criticism of today's toys.

One major complaint seems to be "they don't make toys the way they used to any more. They break in no time." Another is that toy manufacturers direct their television commercials to the children in such a way that the kids badger the life out of their parents for the particular toy.

Herbert L. Merin, president of Emence Industries, a toy company that specializes in musical instruments, gives his view on these criticisms and others.

Merin maintains that the new toys are stronger than toys of the past. "Old dolls," he said, "were made of pressed sawdust with glue that melted away when exposed to moisture. Today's dolls are made of a high-impact plastic.

"Our musical toys, too, are

BRITAIN HAS THE BEATLES but Emence has the Grannies. Musical toys are expected to be in big demand for Christmas because of the increased interest in home entertainment. Sturdy toy instruments are a joy to the kids and help parents discover at a low price whether their offspring are musically inclined. The swinging group here plays the big bash snare drum, the electric tiger guitar, the swingin' cat electric guitar and amplifier and the polychord electric piano organ.

stronger than the actual instruments they represent. And while a toy guitar certainly won't have the tone of a \$300 instrument, it does have a musically acceptable tone and will not break as easily as the real thing."

Merin believes that parents who complain that modern toys have no durability very often are guilty of choosing a toy for the wrong age group.

"Children under one year should play with an unbreakable rattle and not big brother's \$10 guitar. A child under 2 or 3 should play with a wooden pull toy, not an electronic rifle range meant for a 10-year-old who should know how to care for a toy.

"There are exceptions, of course," he added. "A few manufacturers sometimes offer a bad product. But if they do it more than once or twice, they don't last in the business.

"You can't always blame faulty construction for toy breakage," he said. After all, there are housewives who break refrigerators and washing machines.

He defends television advertising on the premise that in certain areas and within certain limitations he believes

children should make up their own minds as to what toy they want to play with. "They can be very discriminatory in their selection of toys. Television has never sold a poor toy. It only helps to get over the idea of a good one."

And I am not quoting Merin now when I say that parents who let themselves be badgered into buying any toy should blame only themselves for not knowing how to get across a firm "no."

Every year there is the cry that war toys are becoming too popular. And I'm afraid this is true. But although Emence does not manufacture war toys of any kind, Merin believes that playing with so-called war toys does no psychological damage to a child.

"If you didn't manufacture a toy gun the child would probably carve one out of an orange crate. To protect a child from the fact that guns exist you would have to shut him off completely from all news media."

Because of the growing interest in home music and entertainment Merin believes (and hopes, of course) that realistic musical toys will be big holiday sellers this year. But when asked for his definition of a successful toy he replied that it's simply the one the kids ask for most.

So if your pride and joy wants a Big Bash Snare Drum or a Polychord Electric Chord Organ or a Chocolate Factory or a workshop kit that makes Jeeps that roll and planes that fly, any one of them will be a successful toy in your family this Christmas.

And if the noise becomes too much to bear, you can always go back to the beauty salon—this time to forget toys and start the girl talk rolling again until next yuletide is imminent.

DO-IT-YOURSELF

By MR. FIX

Newspaper Enterprise Assn.

Christmas shopping is not the only holiday preparation that should be started early. Home decorations should be planned ahead, particularly getting equipment in order.

Last year's strings of lights should be checked. Make a visual examination for worn spots in the insulation in the wiring. Cover these with insulating tape. A badly worn cord should be discarded. Plug in the cord and check all the bulbs. Bend the cord at short intervals along its length. If there are shorts, or hidden breaks in the wire the lights will go out. Check for bare spots a round each socket.

Exterior lights should be specifically designed for this use. If you plan to use flood lights or spot lights, get weatherproof bulbs and sockets.

Use heavy duty, rubber covered extension cords, outdoors. Make certain you have enough. Do not fill in with a lightweight lamp extension. Have plenty of plastic or rubber electrical tape. Use it to weatherproof all connections by wrapping thoroughly. This will prevent connections from pulling apart as well.

Plan for Power

If you have no outdoor electric outlet, plan how you will get power for your outdoor lighting. Remove the bulb from an outdoor light fixture and replacing with a screw in socket will do. Lacking this, plan to run an extension through an open win-

dow. Cut a board the exact width of the window and then close the window down on it.

tightly. Then drill a hole just large enough to run the wire through.

How are the old ornaments? If they look a little faded you can do a good job of touching up the colors with aerosol paint sprays. Hang them from a string and twirl them while you spray. You also can spray with a clear plastic and sprinkle with glitter material.

Hang on to ornament boxes for later storage. Lacking these, use egg cartons.

Check Parts Early

Buying toys for the kids? Find out how much assembling you will have to do, what tools you should have. Plan to open boxes well before Christmas. Check parts against the parts list. Make certain that everything is there and in working order.

Is the tree stand in working order? Are threaded parts for tightening rusted? Put a little grease on the threads so that everything works easily. Use a tree stand that has a container for water. It will keep the tree fresher, make it less likely to get dry and brittle, reduce the hazard of fire.

Lobster Potato Salad for Buffet

By GAYNOR MADDOX
Newspaper Enterprise Assn.

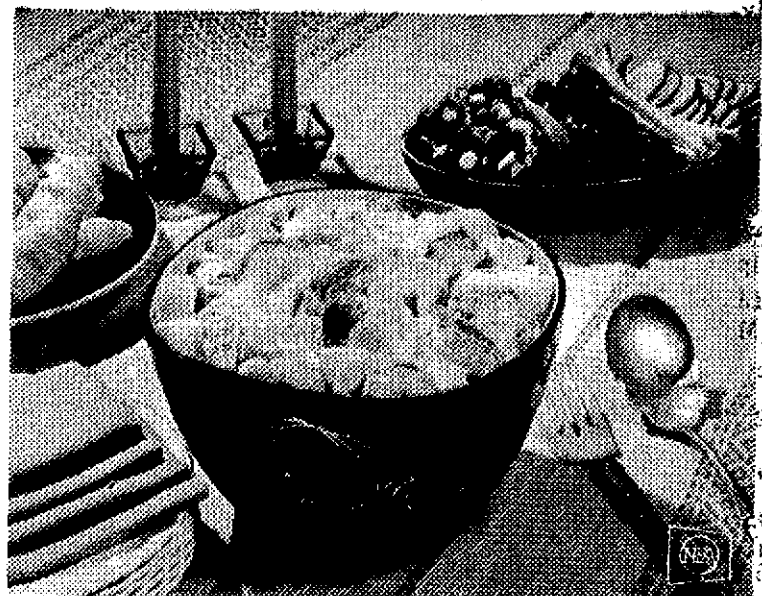

Every year at this time we like to tell our readers again about this lobster and potato salad, actually the most popular buffet dish we have ever served at our own holiday parties. It's a four-star recipe. A lot of wonderful party eating in a bowl—but in a handsome bowl, of course.

Use rock lobster tails. Do not overcook them. That is important. For the potato salad, you can either make it at home, or else buy it and combine with the lobster cubes just before serving. But be sure you get top quality potato salad if you buy it.

BUFFET LOBSTER AND POTATO SALAD

6 (4-oz.) South African rock lobster tails
2 pounds potatoes
1/2 cup diced onion
1 teaspoon salt
1/4 teaspoon white pepper
1 1/2 cups mayonnaise
1/4 cup heavy cream

Drop frozen South African rock lobster tails into boiling salted water. When water re-boils, lower heat and simmer 7 minutes. Drain immediately and drench with cold water. Cut away thin underside

membrane and remove meat from shells. Chill. Boil potatoes; drain and peel. While still warm, cut in cubes in bottom of large bowl. Add onion, salt and pepper immediately. Mix mayonnaise with cream until smooth. Pour over potatoes and onions and leave in a thick top layer. Cool, then chill. At serving time, cut chilled lobster tails into bite-size pieces; add to potato bowl and toss together until all ingredients are well-blended. Six to eight servings.
